

# Sub-regional statistics

## Useful datasets – August 2015

The following tables contain a list of statistics hyperlinked to their original sources. The statistics are grouped into 9 categories - [Economy and Labour Market](#), [Housing](#), [Community Safety](#), [Skills](#), [Deprivation and Benefits](#), [Environment](#), [Transport](#), [Health](#) and [Demography](#). A lot of these statistics are available using the search tools at [www.gov.uk/government/statistics](http://www.gov.uk/government/statistics) and [www.ons.gov.uk](http://www.ons.gov.uk) but are sometimes difficult to find amongst the large amount of content at geographies higher than sub-regional.
